

Chris Walsh
Principal
Maddington Primary School
1951 Albany Highway
MADDINGTON WA 6109

Dear Chris

I refer to the one year follow up review for the use of resources domain following Maddington Primary School's Public School Review in Term 2, 2023.

I am advised that Darren Greaves, Director, Public School Review and Todd Clark, Principal, North Dandalup Primary School, met with you, your deputy principals and members of staff, to consider the extent to which the school has made sufficient and sustainable progress against the report's recommendations for the above domain.

The advice received confirms the school has demonstrated sufficient and sustainable progress towards meeting the Standard in relation to the recommendations in the domain.

I am informed that, under your leadership, the school engaged authentically with the Public School Review process. This has resulted in the implementation and improvement of processes, the physical environment and the targeted employment of staff to bring skills and knowledge into the school that complement the existing strengths. I am advised that this, together with the work of key leaders in empowering all staff in decision making processes, has embedded the pre-conditions for learning and directed the focus onto delivering high-quality teaching for students.

Maddington Primary School is to be congratulated for its professional commitment by first, noting the areas for improvement and second, implementing strategies that have resulted in the improvements desired.

The next Public School Review of Maddington Primary School, inclusive of all domains, is to be scheduled for 2026. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I wish you and the staff continued success in your endeavours to provide high quality education for your students.

Yours sincerely
